**Health Fair Materials Examples**

**Subject: Safety**

# Egg Mobile

## SUBJECT: SEAT BELT SAFETY

**Target:** All Ages

**Description:** A small wooden car with two seats, one with a seat belt, one without. The car goes down a ramp, crashing into a cement block. The egg without the seat belt goes flying. Site may need to provide the eggs, boiled eggs make less of a mess. (You must supply your own eggs.)

**Size:** 4' x 10" long ramp, car @ 6" x 10" x 8"

# Helmet Safety

SUBJECT:  
HELMET SAFETY

**Target:** Children, Youth and Adults

**Description:** Only your imagination limits you in the use of the famous gelatin brain mold, a mold that you fill with gray or pink flavored gelatin to make a model of the brain. Flavors that give flesh-tone results include peach and watermelon when you add a few drops of green food coloring to darken, but you can use any color, adding one 12 oz. can of light evaporated skim milk with no more than .5 percent fat. For demonstrations it can be jiggled, dropped, smashed, eaten and more.

# How to call 911

**SUBJECT: SAFETY**

**TARGET: Children & Youth**

Description: Teach children THE number to call for help.

# Life Preserver Game

**SUBJECT: WATER SAFETY**

**Target:** Children

**Description:** Table top display utilizing magnets as life preservers that go on children playing in the water.

# Medicine or Candy?

## Posion education

## SUBJECT: SAFETY

**Target:** Youth & Adults

**Description:** This 3-display reveals permanently sealed, look-alike medicine and candy facsimiles. The items on the table are further examples of common products within the home that can be mistaken for one another and potentially lethal.

**Size:** 12" x 16" of Board.

# Stop, Drop & Roll

**SUBJECT: SAFETY - Fire**

**TARGET: Children & Youth**
