Alaska Health Fair INC

nonprofit serving Alaskans since 1980

UNITED WAY

Nonprofit • Serving Alaskans Since 1980
alaskahealthfair.org

Delivering health education & affordable blood tests throughout Alaska since 1980.

About Alaska Health Fair, Inc.

Alaska Health Fair, Inc. is a nonprofit established in 1980. It was founded on the dream of a physician who believed that the road to longevity rests in healthy lifestyles, which develop, in part, through education and screenings.

Affordable, High-Quality Blood Tests

AHF offers high-quality blood tests at nonprofit pricing from top-ranking CLIA certified laboratories – the same ones that serve local hospitals. Save hundreds of dollars by doing blood work with AHF, take the results to your doctor. Also, AHF doesn't share your test results with anyone.

For Alaskans, by Alaskans

Health fairs are made possible by hundreds of local medical and non-medical volunteers and health-oriented nonprofits, businesses, and agencies.

Preventative Screenings

Bone density, blood pressure, height and weight, vision and glaucoma, hearing, and more - each event is different, and the availability of screenings varies.

Health Education

Hundreds of health education learning centers, games, and other resources are available. Booths are hosted by local health and wellness-oriented organizations and agencies.

Learn about health resources available to you in your community – representatives from local health and wewellness organizations and agencies have brought handouts and freebies to help you learn about important health topics.

Affordable Blood Tests

Available to persons 18 years and older.

Chemistry/Hematology profile

27 tests including CBC, CMP, LIPIDS	$45
TSH- Thyroid Stimulating Hormone	$40
PSA-Prostate Specific Antigen	$25
Vitamin D	$55
A1C-non-fast glucose	$25
Blood Typing	$25
Vitamin B12	$40
Ferritin	$40
Testosterone	$55

** additional tests may be offered at fairs

Worksite Events

AHF clients include Alyeska Pipeline, Carlile Transportation, Fairbanks North Star Borough, Fountainhead Development, Inc. Chugach Electric, IDEA Homeschool, Credit Union One, and many others.

Worksite health education helps reduce absenteeism, improve morale, increase productivity, and more. We empower employees to follow the organization's health and safety policies. Events are coordinated with an employer and are usually accessible to employees, and, sometimes, to their families.

Community Events

Community fairs are organized in partnership with a local organization, such as a church, and are open to the public.

Our Health Fair Model

- Community self-reliance and coordination
- Quality, customer-centered service
- Emphasis on education, screenings, personal health counseling, and follow-up.
- All services are provided in one place at one time with standard procedures to ensure quality.
